**The State of Montana would like to help pay for your
Medicare Prescription Drug Premiums**

The State of Montana's **Big Sky Rx Program** can provide premium assistance to members enrolled in a Medicare prescription drug plan. Big Sky Rx may be able to help pay up to \$33.11 of your monthly Medicare prescription drug premium.

Big Sky Rx is a state program funded by taxes from tobacco sales **set aside by the voters of Montana.**

- We are **not** a Medicare prescription drug plan.
- We **can** pay your monthly Medicare prescription drug premiums if you qualify.
- You **can apply** for Big Sky Rx **any** time during the year.
- To enroll is simple:
 - be a Montana Resident,
 - be on Medicare, and
 - meet the generous income guidelines. (Call and we'll be happy to explain!) We do not count assets like your house, savings, or checking account and many other kinds of assets.

Start Saving Money - Call Us Today! A Big Sky Rx Representative is available Monday through Friday between 8 a.m. and 5 p.m. at 1-866-369-1233 to talk with you about this important benefit. You can learn more by visiting our website at www.bigskyrx.mt.gov. Together we can help you achieve a healthier tomorrow.
